d. Are there any other Public Works Wage Decisions related to this project?: No
e. What is the ultimate purpose or functional use of the construction once it is completed?: A new motor at Leyendecker Well 2 will help to provide groundwater supply for the Water Authority's service area. Leyendecker Well 2 is an existing source of supply, however the motor is in need of replacement.

6) Classifications of Construction:

Classification Type and Cost Total	Description
Heavy Engineering (H) Cost: \$87,000.00	Groundwater Operations staff observed a failed motor in mid-October 2022. The motor was pulled for inspection, and it was determined that the existing motor be replaced. This work consists of procurement of a new motor and installation which would require the use of heavy equipment.
