6) Classifications of Construction:

Classification Type and Cost Total	Description
Heavy Engineering (H) Cost: \$381,385.40	Installing 40,000 gallon underground water storage along with required plumbing, electrical, controls and functioning fire hydrant at the Amalia Senior Center. we are using the existing well to fill a 40,000 gallon tank, adding a pressure pump 30 hp which will pressurize a, 6' fire hydrant which will produce 540 gpm at 60 psi. We will upgrade the existing electrical service to 400 amps from its existing 200 amps. We will place excess dirt on the property in a location suitable to the County. All pump controls will be in the existing wellhouse.
